### **IV. REFEREES:**

6th-8th grade games should be played with 4 referees. The game can begin with no fewer than 2 referees. Referee responsibilities include:

- A. Knowing FCFL Rules
- B. Enforcing Rules
- C. Keeping Time
- D. Down Supervision
- E. Game Play
- F. Crowd Control
- G. An official game may not be played without at least two referees in attendance.

#### **Referee point of Emphasis:**

The FCFL board emphasizes that there should be a penalty called any time the head or neck is contacted by any player, whether offensive or defensive. If a determination can't be made who initiated the illegal head and neck contact, then both players should be penalized. The referees should at the time of the penalty track in writing the number and name of the player(s) penalized and report it on the FCFL website. If a player gets two such penalties, they should immediately be removed and again reported on the FCFL website. Referees should not hesitate to penalize or eject a player who violates these rules. It is considered critical in the teaching of proper techniques to both the player and the coaches. It is expected that initially there may be a lack of understanding of the strictness of the calls, but by consistently calling the penalty, players and coaches will learn that there is no tolerance to any contact to the head and neck area, nor any contact using any part of the helmet to initiate the contact. The FCFL board would rather the referee err on the side of calling a borderline penalty, than not calling the penalty. Even contact that is deemed unintentional should be penalized.

As soon as the EMT arrives, the EMT will be responsible for the disposition of the injured player.
- C. An injured player must sit out a minimum of one (1) play.
- D. Injured players will be permitted to return to the game based on a decision made **by the medical doctor or EMT covering the game.**

- A. Team size will be dependent upon the total number of participants in that grade as specified in the FCFL Policy and Procedures document, section VII, A.
- B. **Each player is required to play a minimum Ten (10) plays. Punts and Live PAT/FG count as plays.** Any “dead-ball” play such as dead ball extra points (since they are not live) do not count as plays.
- C. **At the end of the second and third quarters, there will be an official time out, for player monitors to agree on players who have not played 10 plays. If the minimum plays** have not been satisfied by the end of the third quarter, each player who has not played **10** plays must immediately start the fourth quarter and remain in the game until he meets the minimum play requirements. Once both coaches have agreed that all players have met the minimum play requirements, neither team may submit a protest. Coaches shall not agree to waive the minimum play rule. **It is** mandatory that each team has at least one play counter and all play counters from both teams are together on the sideline (outside coaches’ box) of the home team in the first half and the away team in the second half. After each quarter the play counters will have one official play count tally.
- D. Each team must use the Player Participation Form as provided by FCFL and maintained during the game by each team's designated player monitor. Head coaches are to provide the opposing coaches/player monitors with a minimum play sheet that clearly identifies the following separately: two-way starters, offense only starters and defensive only starters and substitutes.
- E. Exceptions to the minimum play rule for disciplinary matters or injury must be identified prior to the start of the game. The coach and disciplined or injured player will both be required to notify the opposing coach in person prior to the game to discuss the minimum play waiver.
- F. Plays that result in a QB spiking the ball or dropping to his knee with the sole purpose of “playing it safe” or “taking a knee” will not count as plays for minimum play requirements.
